Real people Real faith

A series of interviews filmed in locations across Berkshire, featuring local faith communities answering questions about their faith. Two questions, specific to each key stage were asked across the range of venues and in most venues, several people an-

swered each question. This allows pupils and teachers to explore some of the diversity both between and within faith communities. The same six communities were interviewed at each key stage. Each film has a page of notes outlining the key questions and concepts, with a brief summary of the answers and some suggested follow-on activities. www.natre.org.uk/about-natre/projects/real-people-real-faith/

Ordinary Objects Extraordinary Journeys

For secondary pupils

This microsite aims to look beyond what we see on the surface. The items featured are seemingly commonplace, but through further exploration they reveal the harrowing journeys and heartbreaking experiences of their owners before, during, and in some instances after, the Holocaust.

By tracing the journeys these objects have been on, it is possible to develop a greater understanding of the Holocaust and its complexities, as well as cast a light on its lesser-known aspects and share previously unknown testimonies.

This unprecedented project has been embarked on by the Holocaust Memorial Day Trust (HMDT) – the charity established by the UK government to promote and support Holocaust Memorial Day in the UK, and The National Holocaust Centre and Museum.
